County has new judge/executive; Butler and Falmouth have new mayors

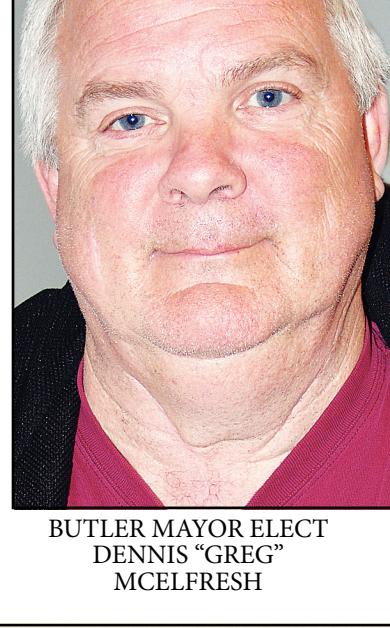

By Jackie Vaughn, Reporter

The 2014 General Election took place in Pendleton County, Tuesday, November 4. Out of the 10,146 registered voters in the county only 4,378 (44%) showed up at the polls to make their picks for local and state leadership. This percentage of voter turnout is a lot higher than in the past for county and city races. Many offices were on the ballot with several new candidates winning as well as a number of familiar names returning to office.

In one of the most highly anticipated races on this year's ballot, David Fields (R) was voted in as Pendleton County Judge/Executive. He will take over for Henry Bertram (D) who served four terms in the position before announcing he would not run again earlier this year. The judge/executive position has been held by a democrat for

KYTC and KSP team up to combat crime of copper wire theft on highways

The Kentucky Transportation Cabinet (KYTC) and Kentucky State Police (KSP) are joining forces and offering a reward to attack a crime that is costing Kentucky taxpayers millions of dollars - theft of copper wire from highway lighting systems.

"The crime of copper wire theft from lights that illuminate our roadways is

literally highway robbery of Kentucky drivers," KSP Major Mike Crawford said at a news conference today. "This type of theft results in damage that far exceeds the salvage value of the wire."

Nancy Albright, deputy state highway engineer in charge of operations and maintenance, said KYTC engineers estimate that the thieves have caused at least \$2 million in damages in the last four years. In 2014

alone, thieves have pilfered entrance and exit ramp lights on our interstate highways at least 37 times.

"The cost of replacing wiring and repairing vandalized lights comes from the cabinet's highway maintenance budget," Albright said. "In other words, motor-fuels tax money that Kentucky drivers pay at the pump - money that we need for such work

chases through the Kentucky Interlocal School Transportation Association (KISTA) Agreement. The motion was given a second. Board member Shawn Nordheim said that although she voted (No) on the motion to purchase she knew the buses had to be paid for. So, she would vote (Yes) to the use of KISTA. All four board members voted (Yes) to the motion. Chairman of the Board Mark Ross was absent. William Verax was acting chairman.

Other business conducted by the Pendleton County Board of Education in the October 30, 2014 meeting:

In the October 30 meeting a motion was made by Daryl Mullins to purchase the two buses. Tony Spence gave a second to the motion. Shawn Nordheim made a motion to amend the original motion. Her amendment was to buy the special needs bus only, to subtract the regular bus from the purchase. Nordheim's motion died for lack of a second. In regard to the original motion Tony Spence, Daryl Mullins and William Verax voted (Yes). Shawn Nordheim voted (No). Thus, the motion passed by a vote of three over one.

A motion was made to finance the school bus pur-

the district to have 23 makeup days listed. Strong asked the board for guidance on when was the earliest they would consider starting and the last that they would want the last make up day to be in the calendar. Based on the board's discussion Superintendent Strong will bring back to the Board options that will start no earlier than August 3 and end no later than June 10 including makeup days.

The Board approved a motion that allowed Anthony Strong to contact the Kentucky Department of Education (KDE) with the information that the Pendleton County Board of Education would use the New Superintendent Professional Growth Effective System (SPGES) to evaluate its superintendent starting in 2015.

The Board and Superintendent Strong discussed the KDE Staffing Allocation Formula in comparison to the local allocation formula in regards to Southern, Northern, Sharp and Pendleton County High School.

The Pendleton County Board of Education went into a closed session to discuss the future purchase or sale of real property. When the Board returned to open forum no action was taken.

Grand Jury indicts six

The Pendleton County Grand Jury met on November 5, 2014 and brought forth seven indictments.

Toni Dollens, dob 7/12/1982, was indicted on charges of financial exploitation of an adult (more than \$300); theft by unlawful taking (\$500 or more but less than \$10,000); and criminal possession of a forged instrument in the second degree (15 counts). Bail was set at \$5,000 (subject to court costs and restitution).

Eric Dollens, dob 6/24/1976, was indicted on charges of financial exploitation of an adult (more than \$300); theft by unlawful taking (\$500 or more but less than \$10,000); complicity to criminal possession of a forged instrument in the second degree (15 counts); persistent felony offender in the second degree. Bail was set at \$10,000 (subject to court costs and restitution).

Samantha Mason, dob 7/22/1988, was indicted on charges of criminal possession of a forged instrument in the second degree (4 counts). Bail was set at \$5,000.

Wendy Parker, dob 12/04/1970, was indicted on charges of false statement or misrepresentation to receive benefits (valued at \$100 or more). Bail was set at \$2,500.

Jonathon Bowling, dob 10/28/1990, was indicted on charges of criminal possession of a forged instrument in the second degree (2 counts) and was indicted on charges of flagrant non-support. Bail was set at \$2,500 on both indictments.

Brian Hurdle, dob 8/05/1982, was indicted on charges of flagrant non-support. Bail was set at \$4,800.

School Board to purchase buses

By Roger McKinney, Reporter

In the October 16, 2014 meeting of the Pendleton County Board of Education a motion was made to purchase two new school buses for \$195,114. One was a regular bus, the other was a special needs bus. The motion received a second and the vote to purchase was two over one. Due to the fact that only three board members were present and that it takes three members voting in favor of an item to pass it the motion did not pass. The matter was postponed until the Board's next meeting.

In the October 30 meeting a motion was made by Daryl Mullins to purchase the two buses. Tony Spence gave a second to the motion. Shawn Nordheim made a motion to amend the original motion. Her amendment was to buy the special needs bus only, to subtract the regular bus from the purchase. Nordheim's motion died for lack of a second. In regard to the original motion Tony Spence, Daryl Mullins and William Verax voted (Yes). Shawn Nordheim voted (No). Thus, the motion passed by a vote of three over one.

A motion was made to finance the school bus pur-

chases through the Kentucky Interlocal School Transportation Association (KISTA) Agreement. The motion was given a second. Board member Shawn Nordheim said that although she voted (No) on the motion to purchase she knew the buses had to be paid for. So, she would vote (Yes) to the use of KISTA. All four board members voted (Yes) to the motion. Chairman of the Board Mark Ross was absent. William Verax was acting chairman.

Other business conducted by the Pendleton County Board of Education in the October 30, 2014 meeting:

The Board and Superintendent Strong discussed hiring policies and procedures regarding physical examinations and background checks for certified and classified employees. Random drug testing was also discussed. The superintendent suggested that Policy Services should be consulted in reference to rules and regulations that apply to paraprofessionals such as assistant coaches.

The Board discussed the setting of the school calendar. The issue with the 2015-16 calendar is that KDE regulation requires you to show the number of make-up days missed in the prior year. This will require

MONTE LANE SORRELL, 63

Monte Lane Sorrell, 63, of Concord passed away Wednesday, November 5, 2014 at his home after a year-long battle with heart disease.

He was born May 3, 1951 to the late Calvin and Dorothy Teegarden Sorrell of Concord, was a member of Turner Ridge Baptist Church and served in the U.S. Navy.

Preceding him in death, in addition to parents, were brother, Ronnie Sorrell; niece, Michelle Sorrell Gray.

Surviving are brother, Dale Sorrell; and sister, Brenda Fossitt both of Peach Grove.

as snow and ice removal, potholes and guardrail repair - instead has to be spent to remediate crime scenes."

Also of concern is the safety of motorists. "Imagine the difficulty for a driver who has to navigate an interchange - possibly an unfamiliar interchange - in greater darkness," Albright said.

To fight back, the two agencies have announced a reward of up to \$2,500, paid from KYTC maintenance funds, for information leading to arrest and conviction of those responsible for copper wire theft from highway lights. They also joined in making a public appeal to metal recyclers for assistance in identifying anyone trying to sell the stolen copper.

"We are actively seeking help from the recycling industry in fighting this particular crime," Crawford said. "But the offer of a reward is open to any and all citizens who can provide the information necessary for a successful criminal prosecution. Getting that information may begin with an alert motorist who notices suspicious activity around highway lights and reports it to us. And their identities can be kept confidential."

KYTC Acting Inspector General Mike Duncan said no one except an authorized work crew should be access-

ing interstate lights. "And a legitimate crew will be easy to recognize," Duncan said.

Work crew personnel will be in clearly marked vehicles from KYTC or the cabinet's two electrical maintenance contractors - Arrow Electric Co. and Davis H. Elliott Co.

Contractor employees are likely to be working from a service truck, characterized by side-mounted bins, or a "bucket" truck. Vehicles will utilize flashing lights while at work.

In addition, workers will be wearing personal protection gear, including high-visibility attire and hard hats.

They also are likely to have exercised some level of traffic control, such as orange traffic cones.

Those with information can report it in multiple ways:

• Call the KSP Hotline at 800-222-5555.

• Call Investigator Chuck Hines, KYTC Office of Inspector General, at 502-330-0441 or 502-564-0501.

Styles 101 in Falmouth and Butler wanted to bring some attention to October being Breast Cancer Awareness Month. Owner Sheila Utz held a "Save the Ta-Tas" promotion where she reduced the cost of getting an eyebrow wax down to \$6. She and her hairdresser Sarah DeMoss donated some of the money raised on this service to the breast cancer program. "I thought if I do something special for this and it makes others mindful of breast cancer awareness then I will have succeeded in my cause," said Utz.

The Outlook travels to the "Island of Women"

The Falmouth Outlook traveled to Isla Mujeres with Carlotta Piastrelli and her aunt Sandy Smith in October. Isla Mujeres, Spanish for "Island of Women," is a Mexican island in the Caribbean Sea. The two went to "The Cliff of the Dawn" to spread the ashes of Carlotta's mother Ramona Hesler. This is the most eastern point of Mexico and the first spot the sun hits there in the morning.

NOTICE

Please take notice that Duke Energy Kentucky, Inc. has applied to the Kentucky Public Service Commission for approval to revise its Demand Side Management (DSM) rate for electric service and gas service for residential and commercial customers. Duke Energy Kentucky's current monthly DSM rate for residential gas customers is \$0.054918 per hundred cubic feet and for non-residential gas customers is \$0.000000 per hundred cubic feet. Duke Energy Kentucky's current monthly DSM rate for residential electric customers is \$0.003062 per kilowatt-hour and for non-residential customers is \$0.001128 per kilowatt-hour for distribution service and \$0.000848 per kilowatt-hour for transmission service.

Duke Energy Kentucky seeks approval to revise these rates as follows: Duke Energy Kentucky's monthly DSM rate for residential gas customers would increase to \$0.111800 per hundred cubic feet and for non-residential gas customers would remain at \$0.000000 per hundred cubic feet. Duke Energy Kentucky's monthly DSM rate for residential electric customers would increase to \$0.004652 per kilowatt-hour and for non-residential customers would increase to \$0.001654 per kilowatt-hour for distribution service and would decrease to \$0.000161 per kilowatt-hour for transmission service.

The rate contained in this notice is the rate proposed by Duke Energy Kentucky. However, the Public Service Commission may order a rate to be charged that differs from this proposed rate. Such action may result in a rate for consumers other than the rate in this notice. The foregoing rates reflect a proposed increase in electric revenues of approximately \$1.83 million or 0.54% over current total electric revenues and an increase of \$3.62 million or 3.08% over current gas revenues.

A typical residential gas customer using 70 ccf in a month will see an increase of \$3.98 or 4.77%. A typical residential electric customer using 1000 kWh in a month will see an increase of \$1.59 or 1.80%. A typical non-residential electric customer using 40 kilowatts and 14,000 kWh will see an increase of \$7.37 or 0.62%. Non-residential gas customers and non-residential electric customers served at transmission voltage will see no change in their bills from this application.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. The intervention may be granted beyond the thirty (30) day period for good cause shown. Written comments regarding the proposed rate may be submitted to the Public Service Commission by mail or through the Public Service Commission's website. A copy of this application filed with the Public Service Commission is available for public inspection at Duke Energy Kentucky's office at 4580 Olympic Boulevard, Erlanger, Kentucky 41018 and on its website at <http://www.duke-energy.com>. This filing and any other related documents can be found on the Public Service Commission's website at <http://psc.ky.gov>.

Non-perishable items needed for military

The American Legion Post 106 Ladies' Auxiliary has changed their name to Veteran's Support Group.

One of the programs that the group is responsible for each year is collecting items from the community to send to veterans serving overseas.

If you would like to donate items such as: deodorant, wet wipes, any non perishable items you can

take them to The Falmouth Outlook office at 210 Main Street, in Falmouth and they will keep them for us.

If you have a military member serving overseas please call the group and let them know the name and address. This is just one of the many activities that the group does each year. They want to welcome new members to their organization. If

you would like to become a member you can call Judy Hammond at (859) 462-3891. Dues are \$20 per year. Get involved and help our serving military personnel out at the same time.

The group will be having their meeting monthly meetings at Howard's Place in Falmouth. For more information on this call the number above.

FALL LEAF PICK-UP

The City of Falmouth will begin leaf pick-up starting November 3rd. Leaf pick-up will continue at least until the first of December.

PLEASE NOTE: There is no set route or schedule as to the pick-up. The Maintenance crew will start on one end of town and work their way across. Due to maximizing the use of the leaf vacuum, they will maintain this schedule. Please do NOT ask for special pick-ups. If you are missed, they will get on the next sweep to that area.

Make sure all leaves are raked to the street/curb and that all vehicles are clear of leaf piles. Otherwise they will be left.

Thank You For Your Support

Stonewood Gardens holds "Boo Bash"

Stonewood Gardens would like to thank all the participants and attendees of the first Boo Bash for making it such an outstanding success. They enjoyed meeting and greeting everyone who shared their trick or treaters with them and are already looking forward to next year's event.

The winners of the coloring contest were: Paige Baker of Falmouth, Copper Clark of Falmouth, and Alex Payne of Berry.

Each child received a blow up Halloween lawn decoration compliments of Stonewood Gardens and The Clubhouse Adult Day Program.

If you have any questions about their programs or services please call Brandi Bolen at 859-954-8280 or 859-654-8900.

Wish someone a Happy Birthday!

The Falmouth Outlook will be publishing birthdays in a special column on the Society page of the newspaper each week. The person's name and birth date will be printed as such: John Smith, October 22 is how it will be listed. Once that person's birthday is published it will not be kept for the next year. If you want it in again you will need to have it put in next year.

The deadline to have the birthday listed in this column is 10 a.m. on Thursdays.

OPINION

Recognize, thank, and honor veterans

By Heather French Henry,
Commissioner Ky. Department of
Veterans Affairs

Every Veterans Day we are reminded to recognize, thank and honor our nation's heroes. It's a day about honoring those military veterans in our families, at work, and in our communities. It's also a day that serves to teach our younger generations about respecting sacrifice, service, and the price of freedom. We must do this at least once a year for many reasons, one of which is because 50 years ago we, as a nation, embarked upon a period in our history where we failed so miserably to honor and show respect to those men and women we sent to battle in Vietnam upon the signing of the Gulf of Tonkin Resolution.

This year the Kentucky Department of Veterans Affairs is keeping our promise to honor those Vietnam Veterans thru the 50th Vietnam Anniversary Commemoration.

Here in the Commonwealth we have approximately 116,000 Vietnam Veterans. About 8,000 of those are women, and about 8,000 are African-American or Hispanic. They live and work in all 120 counties. They, like many groups of veterans we have honored, are worthy of the 12-year-long Commemoration Congress ordered the Secretary of Defense to implement.

Some of the objectives of the 50th Anniversary Vietnam War Commemoration, which runs from 2013 to 2025, are:

1. To thank and honor veterans of the Vietnam War, including personnel who were held as prisoners of war (POW), or listed as missing in action (MIA), for their service and sacrifice on behalf of the United States and to thank and honor the families of these veterans.

2. To highlight the service of the Armed Forces during the Vietnam War and the contributions of Federal agencies and governmental and non-governmental organizations that served with, or in support of, the Armed Forces.

3. To pay tribute to the contributions made on the home front by the people of the United States during the Vietnam War.

4. To highlight the advances in technology, science, and medicine related to military research conducted during the Vietnam War.

5. To recognize the contributions and sacrifices made by the allies of the United States during the Vietnam War.

Kentucky is proud to be an official Commemorative Partner, and the Kentucky Department of Veterans Affairs is proud to be the lead agency in fulfilling Kentucky's responsibilities as a Commemorative Partner.

Already this year, KDVA

has launched the Commonwealth's Commemoration with an event at the Kentucky Vietnam Veterans Memorial on September 25, attended by more than 500 Vietnam Veterans, family and friends. We have also recognized Vietnam Veterans at the UK Heroes Day football game October 11.

KDVA will continue to publicize the Commemoration throughout the next decade, but we can't do it alone.

We need every Kentuckian to find ways to recognize, thank and honor the Vietnam Veterans in your communities. You don't have to put on a huge event, though that would be great if you do. What's important is that you make sure your Vietnam Veterans get the recognition and thanks they have earned, and that people in your community – especially young people – know those veterans and how they honorably served this country.

KDVA encourages communities, organizations and businesses throughout the Commonwealth to become Commemorative Partners, joining more than 120 Kentucky groups in pledging to recognize, thank and honor Vietnam Veterans throughout the Commemoration.

Find more information about the Commemoration at www.vietnamwar50th.com, and becoming a Commemorative Partner at www.vietnamwar50th.com/commemorative_partners.

Used needles trash Hwy. 177

Dear Editor,
On October 18, seventeen adults and three youth from the Butler Baptist Church picked up trash along Hwy. 177. We collected forty-four bags of trash along with four tires, a road sign, and a plastic bottle filled with used needles. It is amazing just how much trash people throw out of their vehicles with no

regards to the environment and towards our country. The bottle with needles really bothered us the most. To think that someone would have that little regard for the safety of others is beyond us. It shows that not only do we have a drug problem in the county but we also have a safety problem as well.

Thank You,

Dear Editor,
Members of the Pendleton County Ladycat Golf Team cleaned up Hwy. 609 on Saturday, October 25, 2014. We had a good turn out of support. We picked up twenty bags of trash, two tires, and a cooler. There were a lot of beer bottles, cans, cigarette packages, and fast food containers along the side of the road. On a positive note, the road was in better shape than past clean ups. Thanks to all that showed up to help. Let's all do our part to keep Pendleton county beautiful.

The most surprising findings were that relaxation causes 62 percent of parents to feel guilty and that nearly one third of Americans surveyed reported being stressed out simply by the thought of relaxing!

Nearly all Americans understand that relaxation time is essential to good health, yet most of us don't spend nearly enough time unwinding during a typical day or week.

While our society acknowledges that kicking back is indispensable, we don't seem to be practicing what we preach. Indeed, 99 percent of Americans think relaxation is important, yet they actually spend less than 5 percent of their day relaxing, according to a new inde-

pendent research study.

The goal of the research was to better understand the latest trends about how many of us actually relax and how we go about doing it.

Nearly half of Americans report they're more stressed than their significant other, with a whopping 82 percent of men indicating that their partner is the stressed out one.

Music topped the list of relaxation techniques for those surveyed, with 48 per-

cent reporting music helps them take it easy. Interestingly, only 18 percent find exercise is a good relaxation tool.

Compare not your wife to your mother

A friend told me that his wife, Ann, was fussing at him about some issue when he bravely told her, "Now just you remember that my mom lives only a mile across the river and she can still make mighty good biscuits and gravy!"

I experienced something similar recently. Please allow a bit of background. Most everyone likes my wife, Janice, but she can be fiery, especially toward me. She tells me that I am intelligent but that I do not have much common sense and that I do not know which end to hold a screwdriver, that I can't see road signs nor read a map and on and on and on. And she is mostly right!

And, I am an early riser, usually around 5 a.m., and spend two hours or so checking the weather, drinking two cups of coffee, and reading the newspaper. On this particular occasion Janice was sleeping longer than usual and my stomach began to growl. Hesitatingly, I crept back into the bedroom to see if there was anything wrong with my dear wife of 46 years.

As I gazed at sleeping

beauty, she opened one big doleful eye, then two. What I said to her defies good sense! I know better! Oh what trouble our tongue can get us into! "Janice," I began timidly, "When I was growing up, my mother usually had breakfast on the table when I got out of bed!"

She threw back the bed clothes, her eyes flashed fire like a medieval dragon, and grabbing her robe from the bed post, she marched into the kitchen like a majorette. Her words dripped with sarcasm and vitriol, "I suppose your mother slopped the hogs, milked the cows, and heated water for outdoor washing with firewood which she chopped with her own calloused hands, also before breakfast!" I nodded my head affirmatively and meekly replied, "Yes, she did."

My humble attitude must have been like pouring gasoline on a fire, for she slid my bowl of oatmeal down the breakfast bar, it stopping only inches before going over the edge, and she disappeared in a huff back into the bedroom.

Three days and three

nights I spoke only to my dog, Birdie, and my cat, Eagle, and they seemed none to friendly, apparently sensing that I had offended the one who takes care of them. Finally, overcome with boredom from having no one with whom to converse, I proposed, "Janice, let's kiss and make up!"

Swift came a sharp reply, "The kind of kiss you are talking about you don't kiss your mother that way!" I knew she was right again and retreated into the deep freeze for another two days.

Then, she was driving me to an appointment with a physician, and I thought she will have to talk to me or wreck the car, so I said, "Thanks for driving me to the doctor."

Again, she was ready with an answer as though she had mentally anticipated and rehearsed her reply, "That's what any good mother would do!"

I glanced out of the corner of my eye and saw an impish grin slightly curling her upper lip and I sighed, realizing that winter was thawing and spring was not far behind!

Sincerely,
Brigget Magee

Wildcat football team takes out the trash

Dear Editor,

The Pendleton County High School football Team and boosters picked up garbage on Sunday, October 26, 2014. It was a ten mile stretch along Hwy. 17; starting at the Radio Station at the top of Hwy. 27 and ending at the Kenton County line.

There were twenty six football players and fourteen adults (which included parents and coaches) picking up trash, it took us approximately 2-2 1/2

hours. We divided our group up into six smaller groups and putting them in six different areas along the highway so we would be able to better utilize the size of our group vs. the area we had to cover. We picked up a total of forty six bags of trash, a couple of five gallon buckets, a mailbox, a car bumper and a few road signs.

Many people waived at our group as they drove past, some stopped and

thanked the boys for their service, some slowing down and making it safely past us, but there were still many that refused to slow down as they drove past us working.

I feel this is a great program, it teaches our children the responsibility of cleaning our community and keeping it looking nice and also giving them a way to support and earn money towards a goal they have.

Sincerely,

Brigget Magee

Official Notice

Blue Grass Energy Cooperative Corporation, with its principal office at Nicholasville, Kentucky and with its address at PO Box 990 1201 Lexington Road Nicholasville, Kentucky 40340 has filed with the Kentucky Public Service Commission in Case No. 2014-00339 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Blue Grass Energy's expenses in the areas of wholesale power costs, depreciation, and general operating expenses. Blue Grass Energy is proposing to increase its electric rates by \$2,450,474 or 2.17%.

The rates are to be filed with the Kentucky Public Service Commission on November 18, 2014 and are effective December 18, 2014. Phase two for the residential and farm rate classes will become effective approximately one year later. The rates contained in this notice are the rates proposed by Blue Grass Energy, Inc., but the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice. In addition, the Kentucky Public Service Commission may change the effective date.

A person may examine this application at the office of Blue Grass Energy located at 1201 Lexington Road Nicholasville, Kentucky 40340, Monday through Friday, 7:30 a.m. to 4:30 p.m. or at www.bgenergy.com. A person may also examine this application at the Kentucky Public Service Commission offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>.

Any comments regarding the application may be submitted to the Public Service Commission through its Web site, <http://psc.ky.gov>, or by mail to Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. A person may submit a timely written request for intervention to the Public Service Commission Post Office Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of initial publication of the notice, the commission may take final action on the application.

SCHOOL

Sharp students recognized for KPREP scores

Phillip Sharp Middle School recently recognized all students who scored proficient and/or distinguished on their KPREP state testing last year. Sharp had over 900 proficient and/or distinguished scores, and the school is very proud of the students' efforts. In recognizing their effort and fantastic performance, students were awarded with certificates and medals for each of their proficient and/or distinguished scores. There were some students who even scored distinguished on every test, and those students also received trophies for earning a distinguished sweep. Pictured above are last year's 7th grade students who were awarded trophies. From left: Haley Volz, Savannah Pate, Amy Schack, Leah Moore, Molly Dennison, Seth Fletcher.

Aaron Thomas was the only 6th grader last year to earn distinguished honors on every KPREP state test.

Local EKU student attends national conference

Five Eastern Kentucky University Risk Management and Insurance students attended a national Gamma Iota Sigma conference in Dallas Oct. 2-4.

Gamma Iota Sigma is a professional co-ed fraternity relating to the insurance industry. EKU students attending the event were junior Jessica Bowen, DeMossville; and seniors Mitchell Blaser, Louisville, Bethany Boehn, Tampa, Fla.; and

Charles Cotton, Yorktown, Va.; and Kaleb Adams, Corbin.

Faculty adviser Dr. Siwei Gao accompanied the students.

Students Jessica Bowen and Mitchell Blaser agreed that the conference had given them great benefits.

"The networking opportunities were huge," Blaser said.

"I actually got to interview with a company,"

Bowen added. "Really putting yourself out there at these events is how you get hired after graduation."

In addition to networking opportunities and career fairs, the conference also included a series of lectures and seminars.

Students also visited AT&T Stadium, home of the Dallas Cowboys play, where they were allowed to kick and pass on the field, and the JFK Memorial.

Don't hide from your bills

If you are having trouble paying a bill, contact the company immediately to work out a payment plan. Whatever you do, do not ignore letters and calls from your creditors, according to the Kentucky Higher Education Assistance Authority (KHEAA).

It is best to explain everything in a letter so you have a written record. Before writing the letter look at your finances to come up with a payment amount you can handle. That lets your creditor know you still plan to pay what you owe and will pay as much as possible during your financial crunch.

Most companies will work with you if you are up front about your difficulties. Ask if your creditor will waive any penalties and will extend your payment period if you are in a tight money situation.

Students eligible for free lunch can earn KEES awards

Kentucky high school students who qualify for free or reduced lunches can earn additional Kentucky Educational Excellence Scholarship (KEES) awards by scoring well on Advanced Placement (AP) and International Baccalaureate (IB) exams.

A student has to qualify for the free or reduced-price lunch program only one year during high school to be eligible for these bonus awards.

Each AP exam score of 3, 4 or 5 achieved by an eligible student will earn the student a KEES bonus of \$200, \$250 or \$300 respectively. The same amounts are available for each IB exam score of 5, 6 or 7 earned by an eligible student.

There is no limit to the number of AP or IB bonus awards a student can earn. In addition, AP and IB classes carry extra weight when KHEAA figures grade point averages for yearly KEES base awards. An A in an AP or IB class is worth 5 points, not 4, for KEES purposes.

KHEAA is the state agency that administers KEES, need-based grants and other programs to help students pay their higher education expenses.

We're all EARS!

Chapter 9

"These are beautiful!" Chloe and I exclaimed as we unwrapped the gifts from Mr. B. He gave me a four-leaf clover he had "whittled" out of wood with his pocketknife. Chloe unwrapped a pretty little doll Mr. B. had made from corn shucks.

"Growing up, Mr. B. told us as we admired our presents, "we didn't have any fancy-smancy 'puters or 'lectronics. We made all our toys. We put together yo-yos, spinning tops, slingshots, clay and all sorts of things. It's amazing what a creative mind can do with a string and a cornhusk! Anyway, I wanted to make these toys for you doggies to show you that I love you and to wish you luck on the upcoming competition. And I wanted to show you some of the best things in life are made with love and don't cost a penny!"

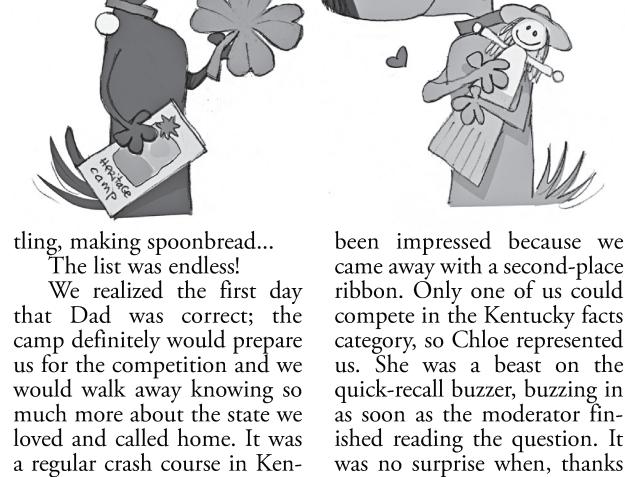

We promised Mr. B. we would treasure the gifts - and him - forever.

"I still have one more gift for you two. Actually, this gift is from your parents and me," Mr. B. said before handing us identically wrapped boxes with bright blue bows. We tore into the boxes and each found a typed letter.

Congratulations! We are so excited you will be joining us for our annual Kentucky Heritage Learning Camp. Camp will begin this week and run daily from 9 a.m. to 4 p.m. Monday through Friday.

After reading the first few lines, Chloe and I beamed with excitement! "This camp will help prepare you for the competition, but more importantly it will teach you about the rich heritage of Kentucky," Dad explained while Chloe and I looked through the pamphlet that was included with the letter.

Workshops include wood working, jewelry making, embroidery, basket weaving, broom making, storytelling, mountain music, corn shuck art, dulcimer playing, making birdhouses from gourds, history of coal mining, introduction to quilting, blacksmithing, reading shape notes, whit-

ting, making spoonbread...

The list was endless!

We realized the first day that Dad was correct; the camp definitely would prepare us for the competition and we would walk away knowing so much more about the state we loved and called home. It was a regular crash course in Kentucky. The workshops were taught by artisans - people who were incredibly skilled in their craft. In addition to the workshops, we went on field trips to the National Quilt Museum in Paducah, the Kentucky Artisan Center in Berea, Shaker Village in Harrodsburg and the Kentucky Music Hall of Fame in Renfro Valley, and we visited Mr. B's Appalachian Mountains. They were more beautiful as he described.

I realized I could learn so much just by perking up my ears and listening - listening to the artisans, listening to Mr. B., listening to fellow Kentuckians share stories about our heritage and our ancestors. We listened and learned so much at the camp that Chloe and I had trouble deciding what categories to enter and what our entries to those categories should be. Because Chloe and I were a team in real life, it only made sense to enter the contest as a team.

We learned in camp that fried pies were very delicious and very popular in the mountains of Kentucky. Chloe's apple-walnut poultice inspired us to make fried apple walnut pies in the shape of dog bones for the Kentucky cuisine category. The judges must have

been impressed because we came away with a second-place ribbon. Only one of us could compete in the Kentucky facts category, so Chloe represented us. She was a beast on the quick-recall buzzer, buzzing in as soon as the moderator finished reading the question. It was no surprise when, thanks to my sister, we walked away with a first-place ribbon. At the storytelling part of camp, we learned about *Jack Tales* and about Appalachian ghost stories called *Haint Tales*. We paired the two concepts and wrote a hair-raising story about Jack and his hound dog capturing a ghost. That handwritten masterpiece landed us third place in the Kentucky literature competition. We had planned on weaving a basket from corn shucks in the shape of a wiener dog for the Kentucky art competition, but we couldn't devote to it the amount of time it deserved. We also didn't have time to finish the scrapbook of Kentucky basketball we were making for the Kentucky hobbies category.

Thankfully, our scores in the categories we entered were high enough that if we did well in the Kentucky music and Kentucky dancing category, we had a real chance at being grand champion. It all hinged on our last category. The judges let us pair the music and dancing category together, which meant double the pressure. So here Chloe and I stood backstage, a song and dance away from becoming the Craftiest Kentuckian.

Cross Country runs at KHSAA Meet

The Pendleton County Cross Country team running in the Kentucky High School Athletic Association (KHSAA) State Cross Country Meet at the Kentucky Horse Park on Saturday, November 8 was a good representation of the long success of the program.

The day started with 8th graders Anna Baxter and Shelby Shaefer running in the Class 2A girls meet. Both had strong first appearances at the state meet in which they described as a little "scary."

With over 200 runners kicking off from the starting line and narrowing down to the course, the thundering sound of 400 feet hitting the course can be a little intimidating as bodies are jostling for position at the start.

Both ran well with Anna Baxter setting her personal record. They are well positioned to be key members of the continuing success that Pendleton County Cross Country seems to always produce.

Eighth graders Shelby Shaefer, left, and Anna Baxter after finishing their first KHSAA Cross Country state meet held at the Kentucky Horse Park.

The day ended with two senior Cross Country members finishing their career with their second appear-

ance in the KHSAA meet. Walker Lea and Montgomery Franxman each ran in the Boys Class 2A meet.

game with a 127 and improved on that with a 130 in the second game. Christian Rick made a 35 pin improvement to post the high score of the day for the Wildcats with a 136.

Dalton Hill, Jonah Smith, Ashton Praeter, Ryan Hanser and Robbie Maines also bowled for the Cats.

"We have a tough match versus Simon Kenton on Thursday at Southern Lanes. Everybody has been practicing hard and we are working to get better each week," coach Polley pointed out.

Xanthia Jensen, Jamie Hughes, Alexis Tolbert, Brooklyn Trent and Mikalla Thomas also bowled for the LadyCats.

In the Wildcat's first match of the season and they really struggled with picking up spares and which led to scores that they were not happy with.

"The Wildcats have been bowling in practice really good," coach Polley continued. "This week we just have to work on spares and hope we bring the scores from practice into the match."

Sixth grader Trevor Colvin was high in the first

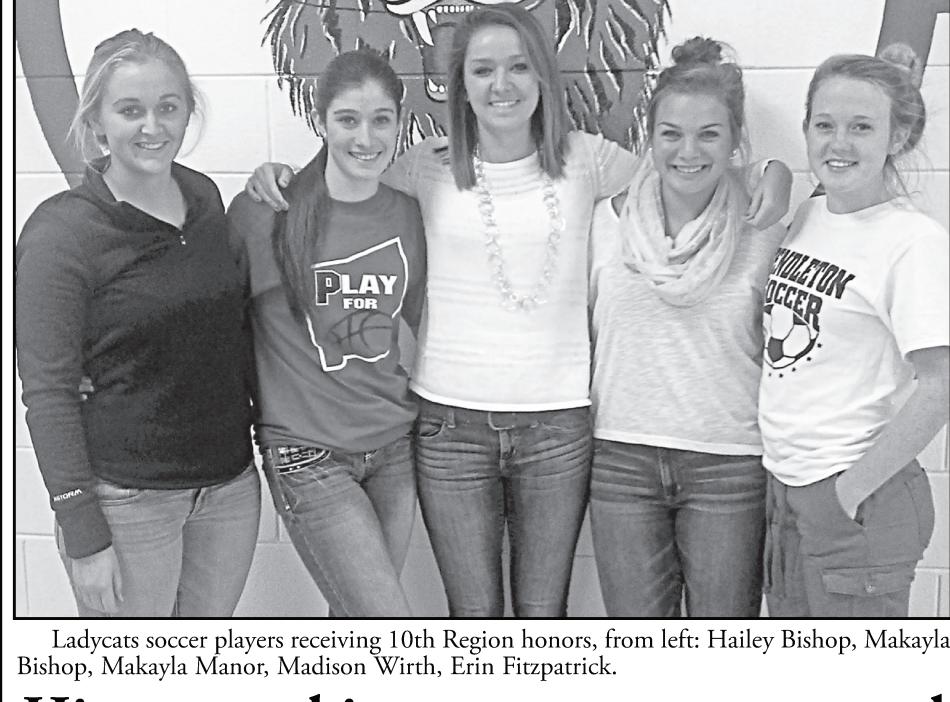

match of the season with a 127 and improved on that with a 130 in the second game. Christian Rick made a 35 pin improvement to post the high score of the day for the Wildcats with a 136.

History making season comes to end

The Pendleton County LadyCats ended their soccer season with a record of 13 wins and 8 losses when they fell to Bishop Brossart in the first round of Regional play in Clark County on Monday, October 30, 2014. They didn't go down without a fight and Katie Boggs and Madison Wirth both scored against the Region 10 powerhouse that night, joining McKayla Manor in being the only three LadyCats who have scored on Brossart in 14 years. The LadyCats had several other great scoring opportunities during the game that they couldn't quite capitalize on and lost the game 2-4, ending their post-season play.

"Overall this was a great season for these hard working girls," said coach Stacey Myers. "They never gave up, even though they faced many curve balls along the way and I am proud of each and every one of them. They accomplished their goal of winning the 38th District title which had not been done in 16 years!"

The LadyCats end their season out scoring their

opponents with an impressive 73-37 margin and recording six shutouts on the year for goalies Madison Wyatt and Destiny Montoue. The unselfish play of the LadyCats allowed 13 of the 15 girls on the Varsity roster to score this year, with the leading scorers being Makayla Bishop with 18 goals, Katie Boggs with 13 goals, McKayla Manor with 11 goals, Madison Wirth with nine goals, and Erin Fitzpatrick with eight goals. As important, especially when speaking of unselfish play, is the assists provided by the LadyCats. Assist leaders for the year are Madison Wirth with 11, McKayla Manor with nine, Erin Fitzpatrick with seven, and Sidney Dietrich with six. Though the statistics don't always highlight defensive players, it goes without saying that the defense is a very important aspect of team soccer and the defensive efforts of Alex Blackaby, McKayla Manor, Hailey Bishop, Erin Fitzpatrick, and Madison Wirth had a major impact on the outcome of this year.

More history was to be made in Pendleton County LadyCat Soccer this year when Erin Fitzpatrick was named to the Honorable Mention All-State team, the first LadyCat in school history. She will travel to Elizabethtown on November 15, 2014 to play in the annual East-West game which showcases the top 96 girls in Kentucky High School soccer, as voted on by Kentucky High School coaches. In addition to this high honor, Erin was also named to the Region 10 First Team for the third year in a row. McKayla Manor was honored by being named to the Region 10 Second Team for her outstanding efforts this year. Newcomer Makayla Bishop was named to the Region 10 Third Team, and Hailey Bishop received Honorable Mention in Region 10. Only one LadyCat player, Madison Wirth, was chosen as a member of the Region 10 All-Tournament team for her tenacity during the tournament. This was the first time that PCHS has had so many girls recognized by Region 10 coaches.

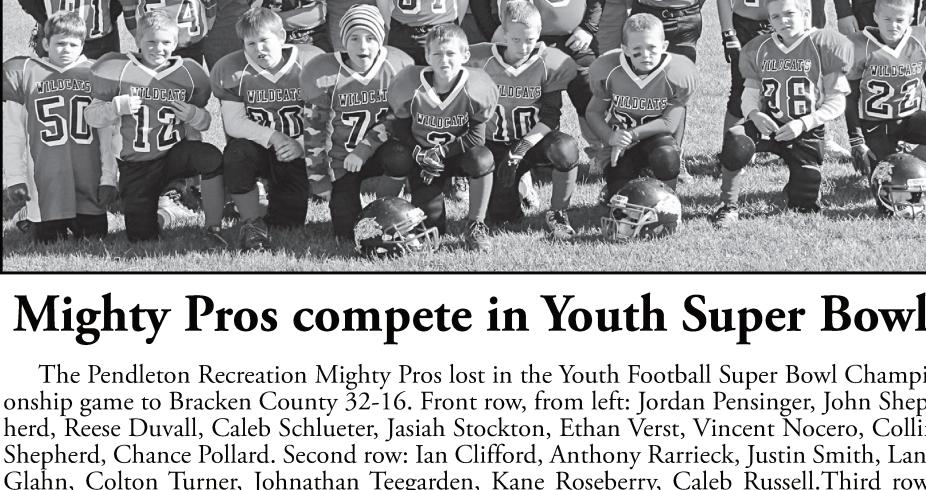

Ladycat Bowling team picks up first win

With both the Ladycat and Wildcat Bowling team scheduled to play an opening season match against Dixie Heights at Erlanger Super Bowl, the LadyCats picked up their first victory in program history as Dixie only had one bowler show and the Cats took the 7-0 victory.

Chyann Utz led the LadyCats in the opening game with a 128 score and Kendall Carr shooting a 110 in her first round.

"Kendall Carr really shined for the LadyCats," coach Gary Polley commented. "She bowled her highest score in the first game and then came back in the second game and bested it."

Kendall's 129 was the

Stop poaching in Kentucky by reporting it!

Modern gun season for deer opened Saturday, November 8. Outdoors enthusiasts who witness any illegal hunting activity are encouraged to report it to the Kentucky Department of Fish and Wildlife Resources.

"If people have any complaints or see any violations such as trespass or poaching, they are encouraged to call 1-800-25ALERT (1-800-252-5378)," said Hank Patton, director of law enforcement for Kentucky Fish and Wildlife.

Patton explained these calls now go through the Kentucky State Police dispatch system and are then routed to conservation offi-

cers in the field.

Poaching a deer, elk or bear is a serious crime in Kentucky. Poachers may be fined up to \$1,000 and spend up to a year in jail upon conviction. Violators must also pay restitution costs for the animal poached.

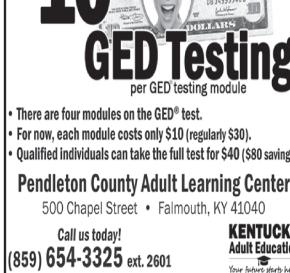

"You can be assessed civil penalties in addition to restitution costs and fines," Patton said. "Poaching a deer, elk, bear, turkey or bobcat in Kentucky is a big deal."

Convicted poachers also forfeit their hunting privileges for as long as three years. "Kentucky is a member of the Interstate Wildlife Violators Compact," Patton

said. "Loss of hunting privileges in Kentucky results in the loss of privileges in 41 additional states."

Those who witness and report someone poaching an elk may receive an award as well. "We have a program for those who report an elk poacher," said Gabe Jenkins, deer and elk program coordinator for Kentucky Fish and Wildlife. "They will receive a \$1,000 reward upon conviction of the elk poacher."

If you see someone poaching or committing other wildlife violations, don't hesitate to report it. Actions that you take now can make for better hunting for everyone in the future.

RELIGION

BERLIN BAPTIST

We invite all to come and worship with our family of believers. Sunday services begin with Sunday school at 10 a.m., morning worship at 11 a.m. and Sunday night services are held at 7 p.m. message by Brother Dan Black.

This past Sunday was a wonderful time in the Lord at Berlin Baptist church. Brother Black's message was taken from Philippians 2:5-11 titled "Is Jesus the Lord of your entire life?"

BLANKET CREEK

This week we celebrated Pastor Appreciation Day with a meal in honor of Bro. Joe Hall. He does so much for the church, the Lord and us. He goes above and beyond when needed and we tend to take Him for granted at times. Thank you for all you do!

His message was "God Will Provide." God provided Jesus as a substitute for our sins. He also provided Salvation in which we can be born again and receive the promise of eternal life. The word is provided so we can study and learn out His promises for us when we accept Him as our Savior. We are provided a place in which to worship and learn and to witness. The Holy Spirit will always guide us.

Scripture for study is Heb. 9:26, Acts 4:12, Romans 9, and Rev 20: 11-15. We added Neal Bradford, Mabel Jeffries and L. E. Ramey to the prayer list along with the families of Linda Jones, Geraldine Osborne, Ruth Smith and Bill Knuckles. Remember our church and our military.

BUTLER METHODIST

Many thanks to all of you who came out to make this year's Christmas auction one of the best ever. We appreciate all who contributed and are so grateful to Marvin and Clay for their hard work during the auction. We have some wonderful people in this area who really are making a difference in peoples lives.

Last Sunday we celebrated All Saints Day with recognition of those who have passed and also with a plaque in memory of Betty Jo Brown presented by her sister Shirley.

On Tuesday evenings the archery ministry is held here in our Fellowship Hall.

On Nov. 23 a five week advent Bible study will begin "Not a Silent Night." Sessions will be held during Sunday school hour at 10 a.m. Please come.

Those on the prayer list are the Linda Jones family, Roger

Johnston's mother, Dale Kraft, the Osbourne family, Robert Jones, Marie Hurst's brother, Bobbi Seibel, Clay Eshman in Haiti, David Tucker, and Nancy Kyle, so glad to see Betty Bay, Mona Judy and Tonya and Paul back with us.

CHAPEL OF PRAISE

Sister Shelia Justice opened the morning service with the reading of the preliminaries and Pastor Kevin opened in prayer.

We had as our visitors Donald and Marcella Cole and Jessie Nichols.

The month of November is missions month in the Assemblies of God and Pastor Kevin's theme for the message centered on the importance of supporting missionaries.

Sadly, the latest statics show that only 10 cents out of every hundred dollars goes toward missions support.

God's people must become mission minded if we are to take this world for Jesus!

We were saddened to receive news of the passing of Sister Linda Jones; she was an inspiration to all that knew her. Our thoughts and prayers are with the family.

Join us each Sunday morning at 9:30 a.m. for Sunday school and morning worship at 10:30 a.m.

FALMOUTH CHRISTIAN

Brother Rick's message was from Daniel 6:1-25 titled, "Stand Firm."

You need to always stand firm for God, as Daniel did when King Darius had him put into the den of lions. He told Daniel may your God whom you worship continually, deliver you.

Then they threw him in, and placed a stone over the mouth of the den. The next day King Darius went to the lions' den, and not a scratch was found on him, because he believed in God. Believe in God, and you will have eternal life.

Ladies nite out with Katie at 6 p.m. November 14, 2014.

Pray for the sick, the lost, those who have lost loved ones, our country, and our military.

Our youth are joining the band with different small instruments, and they are doing a great job.

FALMOUTH WESLEYAN

We celebrated Shelby McDowell's 90th birthday by having the whole congregation stand up front and sing his favorite Hymn, "I'd Rather Have Jesus." Many of his friends and family

were present.

Pastor Nick challenged us to question what Kingdom we belong to. There are two. There is no in-between. You either belong to the temporal Kingdom of the world, that falls for everything, and only offers fear and circumstantial happiness, or you belong to the Kingdom that perseveres and will see you through unto eternity. It's a Kingdom of Peace regardless of your circumstances. It is a Kingdom that has powerful control over everything that is too big for us to handle. The first is ruled by Satan, the second is ruled by Jesus. He has extended His scepter of righteousness to enable us to approach His throne.

November 9, Second Sunday Hymn Sing 6 p.m.; November 23, Co-op Thanksgiving Service 7 p.m.

MORGAN CHRISTIAN

Courtney LeCrone gave the welcome and announcements for church this morning.

Children's Moment consisted of good and bad balloons. Kathie gave each child a balloon with writing on it. The balloons with bad sayings on them, (lying, cheating, fighting, hating, stealing) had to be popped by the children. The good balloons, (love, obeying parents, being good) remained intact.

Jimmy Godman spoke about our church history and the past pillars of the church.

Young Couples Bible Study started last Sunday evening. The session was well attended and successful. It will continue on for five more weeks.

Buddy and Connie Hannah hosted a community chili dinner at their home Saturday. Chili was delicious.

Sarah and Jason played at the Elk Creek Vineyard on Sunday afternoon. Several from our church attended.

Remember fear is a bluffer, it boasts more than what it can really do. Call its bluff, and it will disappear.

Mt. MORIAH

Dave Lovelace read beautiful scripture from 1 John 2 15-17. Brother Breeden began his sermon discussion Romans 15:7. We should receive one another as Christ also received us. We all need to get rid of the attitude and realize it is not all about "you." When we think of others and get ourselves off our mind, it heals us. Ephesians 2: 4-5 talks about how God shows mercy. His love is so real and he wants

Leftover turkey talk

The holidays are quickly approaching, and with them, the season of great eating. Soon, you'll have more turkey and dressing than you'll know what to do with.

It's a great idea to save your Thanksgiving leftovers, as it stretches your holiday food dollars and provides quick meals for your family. Leftovers must be stored and reheated safely to prevent foodborne illnesses. Follow these tips to ensure your leftovers are safe to eat:

Refrigerate leftovers within two hours of the food sitting at room temperature. Bacteria grow best at temperatures between 40 and 140 degrees F. Use an appliance thermometer to make sure your refrigerator is set below 40 degrees.

For quicker cooling, divide leftovers into smaller portions in shallow containers. Place the hot food directly into the refrigerator. Once you are ready to eat your leftovers, reheat them so the internal temperature of the food reaches 165 degrees F. Check the temperature with a food thermometer. Safely reheat soups, sauces and gravies by bringing them to a boil.

When reheating in a microwave, make sure there are no cold spots in the food where bacteria could survive. Stir and rotate food for even heating.

Eat or freeze any remain-

ing leftovers within three to four days. Consume or freeze gravy within two days.

You can prepare many delicious leftovers from your Thanksgiving meal. Here's a recipe suggestion from the University of Kentucky Cooperative Extension Service:

Leftover Thanksgiving Casserole

Servings: 6

Ingredients

1 package of stuffing mix (6 ounces)

2 1/2 cups cubed, cooked turkey or chicken

2 cups frozen cut green beans, thawed or 1 can (14.5 ounces) vegetables of your choice

1 jar (12 ounces) turkey gravy or 1 can cream of chicken soup.

Directions

1. Preheat oven to 350 F

2. Prepare stuffing mix according to package directions. Transfer to a greased 2-quart casserole dish.

3. Top with turkey, green beans and gravy.

4. Cover and bake for 30-35 minutes or until heated through, or microwave 10-12 minutes on high.

Many producers believe this unique checkoff will strengthen beef demand not only in Kentucky, but across the country and beyond. The funds will allow Kentucky beef pro-

Kentucky beef checkoff vote is November 20

For more than thirty years, Kentucky farmers have supported the beef industry through a per-head checkoff program. When it began in 1976, the checkoff was 10 cents per head. The passage of the 1985 Farm Bill replaced with state program with a Federal Beef Checkoff program of \$1 per head when a beef animal is sold during its lifetime. Half of the money comes back to Kentucky to support state beef promotion through the Kentucky Beef Council.

When the Federal program was threatening to end in 2004, Kentucky producers overwhelmingly supported reinstating a state checkoff and even an additional checkoff if the Federal program stayed intact.

In May 2014, the Kentucky Cattlemen's Association appointed a Kentucky Beef Checkoff Task Force. This group made an application to the Kentucky Board of Agriculture requesting a referendum to add an additional \$1 state beef checkoff program in the state.

Comments can be submitted to USDA via the regulations.gov website at <http://go.usa.gov/GJSA>.

Today's announcement was made possible through the 2014 Farm Bill, which builds on historic economic gains in rural America over the past five years, while achieving meaningful reform and billions of dollars in savings for the taxpayer. Since enactment, USDA has made significant progress to implement each provision of this critical legislation, including providing disaster relief to farmers and ranchers; strengthening risk management tools; expanding access to rural credit; funding critical research; establishing innovative public-private conservation partnerships; developing new markets for rural-made products; and investing in infrastructure, housing and community facilities to help improve quality of life in rural America. For more information, visit www.usda.gov/farmbill.

"USDA is committed to creating strong opportunities for the next generation of farmers and ranchers. When dairy producers bring new family members into the business, these changes could affect safety net coverage," said Vilsack. "If our current rules hinder intergenerational changes or if improvements are needed in these programs, then we want to hear from dairy producers."

"We want dairy producers to have enough time to make thoughtful and well-studied choices," said Vilsack. "Markets change and the Margin Protection Program can help protect dairy producers from those changes."

Vilsack encouraged producers to use the online Web resource at www.fsa.usda.gov/mpptool to calculate the best levels of coverage for their dairy

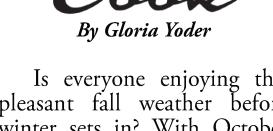

producers to fund their own industry in a way that complements current programs and allows them to confront beef industry challenges including consumer attitudes, rising beef prices and food safety and animal safety concerns.

Kentucky cattle producers have a chance to vote on the referendum to support beef promotion. The vote will take place November 20 at the Pendleton County Extension Office.

Voting is open to all producers of bovine animals involved in the marketing or sale of bovine animals in Kentucky. If the referendum passes, the Kentucky Beef Promotion Council will take on the responsibility of overseeing the funds. This council is made up of beef and dairy producers and industry professionals.

Mouth watering venison tips by Amish Cook

The Amish Cook

By Gloria Yoder

the ladder, and settled down. Julia sat between the two of us. At first she just sat there glued to the spot, barely even blinking, not saying a word for fear of spooking the deer.

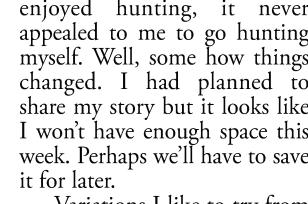

"You're doing better than even Mom and Dad," we praised her. For a 3 year old she did a fantastic job even though she was tired of it by the time the sun set. Unfortunately, Daniel didn't have any chance to shoot anything, yet at the same time it made special memories of time spent together.

As a young girl my Dad would occasionally take us children along deer hunting. On days we didn't go along we anxiously waited for his return in hopes to hear a success story. Sometimes when it was suitable he would take us children with him to help us drag the deer out of the woods.

We as a family relied heavily on deer as a primary source of meat. Now with being married to a hunter I'm also blessed with an ample supply of venison. I have fond memories of getting together with my cousins on winter evenings to help each other butcher deer. We like sawing the steaks to be marinated and grilled or fried. Most of the venison is trimmed off and grinded. The buck meat, which tends to have a stronger flavor, is used to make bologna. Occasionally we also make hot dogs or jerky which is always a treat.

For those of you who are not used to the venison flavor, try adding taco seasoning while browning it. My mother discovered that really helps cover the game flavor.

"If I don't have a chance to shoot anything, that is okay," he told me. "I just want Julia to have a chance to go out with us." Of course Julia was all for it. She felt all grown up especially when putting on an orange stocking cap just like Daddy's. After a good trek we arrived at our stand, climbed up

a dad and three brothers that enjoyed hunting, it never appealed to me to go hunting myself. Well, some how things changed. I had planned to share my story but it looks like I won't have enough space this week. Perhaps we'll have to save it for later.

Variations I like to try from time to time are adding some liquid smoke to the meatball recipe (not just the sauce) or sage seasoning. I also like substituting some of the milk with ketchup or barbecue sauce, so there is room to experiment with this recipe according to your family's taste!

Barbecued Venison Meatballs:

Ingredients:

- 3 pounds ground venison
- 1 3/4 cup milk
- 1 cup quick oats
- 1 cup cracker crumbs
- 3 eggs
- 1 teaspoon chili powder
- 1 teaspoon onion salt
- 1 teaspoon garlic salt
- salt & pepper

Barbecue Sauce:

- 2 cups ketchup
- 3/4 cup brown sugar
- 1 tablespoon mustard
- 1 tablespoon vinegar
- 1 1/2 teaspoon liquid smoke

Directions:

In a large bowl, combine the ground venison, milk, oats, cracker crumbs, eggs, and seasonings. Stir or knead until the meat mixture is well-combined. Shape the meat into 1 1/2 inch balls. Place the balls on cookie sheets and bake at 350°F until no longer pink inside, approximately 15-20 minutes.
